

Jerry Olds

A screenshot of a Windows command prompt window. The title bar at the top reads "C:\WINDOWS\system32\cmd.exe" and includes standard minimize, maximize, and close buttons. The command prompt has a black background with white text. The text displayed is as follows:

```
Enter two numbers and I will divide the first  
number by the second number: 9 7  
The quotient is 1.28571  
Press any key to continue . . .
```

The text is left-aligned. The first line is a prompt. The second line shows the user input "9 7". The third line shows the output "The quotient is 1.28571". The fourth line is a pause message. A vertical scrollbar is visible on the right side of the command prompt window.
