

A screenshot of a Windows command prompt window. The title bar at the top reads "C:\WINDOWS\system32\cmd.exe" and includes standard minimize, maximize, and close buttons. The command prompt has a black background with white text. The text displayed is as follows:

```
Enter a number: 10
Enter another number: 0
Division by zero is not possible.
Please run the program again and enter
a number other than zero.
Press any key to continue . . .
```

The text is left-aligned. The last line, "Press any key to continue . . .", is followed by a small white cursor icon. A vertical scrollbar is visible on the right side of the command prompt window.
